We are excited to announce that *Westminster Presbyterian Church* is partnering with the *Chispa Project* to install a library in the town of Guaimaca, Honduras. Chispa is a non-profit organization which exists to be a bridge for local communities to access necessary educational resources. Through November and December of 2021, the children and youth of Westminster will be raising money to help fund this new library. The money we are able to raise will help provide training for teachers, books and library materials, decorations, and a celebratory inauguration for the students to explore their new library.

This November, students will be collecting sponsors to pledge money for a read-a-thon fundraiser. You can sponsor a student with a dollar amount per chapter, up to a specified dollar amount (ie. \$5 per chapter, up to \$200). During the read-a-thon (December 6-19) students will keep track of their chapters read and report to their sponsors on December 19. You will then donate your pledge directly to the Chispa Project.

***Our goal is to fundraise \$9,000 dollars for this library installation.***

We're so excited to be a part of this project and pray that you'd join us in this work! We believe reading is of vital importance for kids and youth everywhere because it opens their vast imaginations, helps them grow in empathy and helps create a more equitable world. We believe that all of God's children bear the divine spark of beauty, creativity, and love - a divine spark that casts light on the world for a bright and good future.
